How to Measure

NOTE:

BODY MEASUREMENTS- these measurements are body size not garment size. Please measure your child to determine which age group they sit with and then buy the clothes size accordingly. For example if your child is 116CM in height they will fit into 5/6y category.

1) Height:No shoes, feet together flat on the floor, measure from the top of the head to the ground.

2) Chest:Measure under the arms at the fullest part around the chest. The measurements is given on the circumference.

3) Waist:Measure around the child's natural waistline. The measurements is given on the circumference.

4) Hips:Measure at the fullest part around the bottom. The measurements is given on the circumference.

5) Inside leg length:Measure from the crotch to where your trouser is normally worn on the shoe.
